## QikID DATA DELETION POLICY – Visitor Data

### Automatic deletion

QikID employs its best endeavours to automatically delete your personal information from its operational databases after 30 days or, within the time frame defined by relevant State or Federal regulations, unless:

- You have consented to the retention of that data for customer service and or other promotional activates offered by the venue
- You are subject to a legally binding Banning Order under relevant State or Federal legislation
- You are subject to a Venue banning order or watch list issued by a Venue exercising its Common Law or other statutory rights.

QikID may continue to use 'de identified' data i.e. data that cannot be directly attributable to you as an individual for the purposes of statistical analysis and reporting.

### Manual deletion

QikID also provides a manual Data Deletion capability for visitors to venues who have consented to the retention of that data for customer service and or other promotional activates offered by the venue.

If you would like to delete your personal date you will need the log in details provided to you when you consented to the retention of that data for customer service and or other promotional activities offered by the venue.

Then you can:

- login to the QikPASS portal at [www.qikid.com](http://www.qikid.com)
- Choose "Your Settings > Your Details > Permanently Delete Profile".
